THE DEVIL'S ALLIANCE: ANALYSIS OF U.S.-NIGERIA RELATIONS AND THEIR PLOTS AGAINST THE MUWAHHIDIN

Dhu Al-Hijjah 1431H

All Praise is for Allah, the Lord of the universe who Has commanded His servants to follow the *Millah* of Ibrahim (as) and Has promised them firm establishment on earth and dominance over the people of disbelief if they stand firm upon this Great *Millah*. We thank Allah for chosen us among the adherents of this Great *Millah* in this period when the entire world have announced its war with the adherents of this Great *Millah* seeking to expel those who are firm upon their Din and hold onto it and defend it with their tongues and weapons.

May the peace and blessings of Allah be upon our noble Prophet Muhammad (saw), his family, his household and all those who stand firmly upon his path until the last hour. As for what follows;

Allah (SWT) said in the Holy Qur'an:

"And they will never cease fighting you until they cause you to turn back from your Din, if they are able to do so....."

He (SWT) also said:

"They seek to extinguish the light of Allah by their mouths. But Allah refuses save to perfect His light, even if the disbelievers are averse. it is He who has sent His messenger with the Guidance and the true religion, in order that He make it prevail over all the religions, even if the pagans are averse"

And in the Authentic *Hadith* narrated by Imam Ahmad and Abu Dawud [*Saheeh Al-Jaami*: no 8035] on the authority of Thawban - may Allah be pleased with him - we are told:

"A time will come when the nations of the world will surround you from every side, just as diners gather among the main dish. The Companions asked ' O Messenger of Allah, will it be on account of our scarcity at that time? 'He said, No but you will be scum, like the scum of flood water. Feebleness will be placed in your hearts and fear will be removed from the hearts of your enemies, on account of your love for the world and your abhorrence of death".

We live in a period where the entire nations of disbelief and their allies from every corner of the world have gathered under the camp of the *Awliya Ash-Shaytan* (Friends of the *Shaytaan*) headed by the United States of America against the few adherents of this Great *Millah* of Ibrahim (as), the *Ta'ifah Al-Mansoorah*, those who have taken upon their shoulders this war against disbelief and the disbelieving nations.

Ever since it became a world hegemony, following the demise of the Soviet Union and the launching of a New World Order, several disbelieving nations of the world were thrown into an intense competition geared towards maintaining an alliance or cordial relations with the United States (U.S) even if such alliance demands the massacre of innocent citizens or the maiming of the perceived niche challengers and pair competitors of the U.S in a bid to secure the benefits of the International System that was forcefully colonized by the U.S in the aftermath of the Cold War.

The Giant of Africa as Nigeria likes to claim has been recognized in the International System as a forerunner in this competition to secure U.S alliance and cooperation. This article therefore seeks to expose the Devilish Alliance between these two disbelieving nations and their plan to annihilate the *Muwahiddin* in Nigeria and Africa in particular and the World in General.

Nigeria is by far the most populous country in Africa with an estimated population of over 120 million people. Its size is about two times the size of California in the US, and is located on the Gulf of Guinea in West Africa. It is one of the most heterogeneous countries in Africa and the world, consisting of over 300 languages and tribes. Nigeria is an artificial creation of the whims and caprices of the British, a wholesale product of British colonialism imaginary formed in 1914 when for administrative and economic convenience, Britain lumped its three colonies in the area together into one country in an event which historians call "*The Amalgamation*". Nigeria remained under British rule for 46 yrs until October the 1st of 1960 when it became independent.

Ever since Nigeria became independent in 1960, the Battalions of Political Rogues that succeeded the colonial masters initiated the further spread of secularism, nationalism as well as the destruction of standard religious symbols all of which were also perpetrated by the colonial masters in order to forge an imaginary nationhood for the diverse and multi-faceted forces brought together during the amalgamation.

The aftermath of Nigerian independence marked the commencement of a newer version of British colonialism that as at that period were considered as the world hegemony. It has always been the unique attribute of the feudal power brokers of Nigeria since independence to always strive to secure an alliance with all the world hegemonies even if such alliance appears to be detrimental to the interests of the citizens. Since independence, the nature of Nigerian policy has always been geared towards achieving one or more alliances with world hegemony.

*The lord of Kufr and its allies during the British Colonization of Africa, **Luggard**, may the curse of Allah be upon him*

At independence, Nigeria experimented with a parliamentary system of Government patterned on the British Westminster Model. Most of the policies of Nigeria as at independence were geared towards the satisfaction of British interests the most paramount of such policy was the Anglo-Defence Pact. These alliances with Britain soon became blurred especially during the Nigerian Civil War as a result of the deceptive role of Britain in the war that lasted for a period of 3 years as well as the decline in British hegemony within the International System. This decline in British power gave rise to a new form of alliance with Russia for some period which was also perceived as a Global power.

As a result of the demise of the Soviet Union and the declaration of a New World Order which gave rise to the emergence of U.S as an unchallenged Global power, there was a re-direction of Nigerian policy towards securing a new form of alliance. This time with the U.S, an alliance that has costed the massacre of innocent lives in an effort to sustain this devilish alliance whose price was more exorbitant than previous alliances Nigeria has embarked upon.

The Journey of U.S-Nigerian Relations formally commenced in 1979 during the Nigerian Second Republic when the country adopted a Federal constitution patterned after the U.S system of Government and a declaration to adopt Democracy which is an important parameter for any country that seeks for any alliance with the U.S.

Many attempts to sustain Democracy in Nigeria which will necessarily boost U.S-Nigeria Alliance woefully failed as a result of the recurring military intervention in the country. The birth of a full-fledged democracy became evident in Nigeria during the Obasanjo's administration that commenced in 1999 as a result of external assistance as this *Taaghut* rightly noted during a spring 2001 interview;

"Nigerian Democracy is essentially our own, 'development partners such as the U.S can contribute to bringing about the democracy dividend that will make Nigerian democracy more firm"

This Democratic Alliance between the U.S and Nigeria has greatly assisted the U.S in carrying out its cynical calculations as well as advancing its national interest the most important of which is to destroy the Religion of Allah i.e. Islam and its adherents who appear to be the only outstanding competitors to the U.S in the aftermath of 9/11.

This Gospel for Democracy championed under the Democratic Peace Theory have always been bolstered by the fact that American leaders consistently espouse that promoting democracy suppresses violence between nations, which according to them is good for both U.S and the world at large. It was this claim that motivated the desire to win the hearts and minds of Nigerians with offers of economic assistance. This devilish democratic alliance between U.S and Nigeria was further re-instated in the speech of the former U.S Secretary of State Madeleine Albright;

"America has a profound security and economic interest in helping to build an Africa, that is stable, democratic and increasingly prosperous and Nigeria as a regional partner is a bell-weather nation".

This statement of Madeleine exposes the interest of U.S in Nigeria. Since every nation according to President Kennedy *"determines its policies in terms of its own national interest"* but one thing Kennedy forgot to add in his statement is the fact that what is known as the Nation in every nation's case is the Political Elite in the *Tawaghit* class who have enforced themselves on the people and usurped the authority of Allah SWT. The interest of U.S in Nigeria became vividly exposed in the aftermath of 9/11 in the AfriCom-Nigeria Partnership. Some of these interests include;

A. To develop Nigeria as a base for counter balancing the Growing threat of Al-Qa'ida in Africa as well as any forms if religious extremism

B. To protect Nigeria its major oil supplier from being an Islamic State.

C. To establish an operational command in Nigeria.

The U.S has given vital considerations to Nigeria as a result of the powerful role of Nigeria in peacekeeping (terrorist) missions, its understandings and involvement in training of other West Africa countries which gives it the very vital local knowledge and respect needed by the U.S to achieve any end in the complex African area. For U.S to succeed in Africa, a country like Nigeria must be involved right at the top of the strategic and tactical levels of its operations.

The U.S Secondary interest in relation to Nigeria is Oil. Since 1974, Nigeria has been one of the largest exporters of crude oil to the U.S. Several American companies such as Shell, ExxonMobil and Chevron have substantial investments in the lucrative Nigerian Oil Industry.

Nigeria and U.S interests converge with respect to the fact that U.S policymakers see the need to

maintain a diplomatic foothold in one of the most important influential African countries. For its part, Nigeria needs strong and stable ties with the U.S to improve its image in the international system as well as enhance its campaign for permanent membership in the Security Council of the United Nations (UN). Also, as a result of the level of intense insecurity in Nigeria, the Nigerian Government also seeks to ally its security agencies i.e. SSS and NIA with the security agencies of the U.S namely the FBI and the CIA in order to facilitate an adequate security network.

This devilish alliance between U.S and Nigeria has been facilitated mainly in Military Relations. The US Military Relations with Nigeria includes the formation of Africa Crisis Response Initiative (ACRI) and The African Centre for Strategic Studies (ACSS) under the Defence Department.

The ACRI provides a short-term military training for battalions from selected African countries to participate in Peacekeeping (terrorist) missions.

The ACSS is designed to train executive-level military officers and civilian counterparts. The Centre's mission statement stipulates that it will "*encourage an appreciation of appropriate civil-military relationships and an understanding of effective defence resource management across African Governments*". The ACSS curriculum stresses democratic civil-military relations, national security oriented decision making and management tools. The U.S have also enhanced military training, arms supply as well as defence cooperation agreements with Nigeria.

On the other hand, the Nigerian *Tawaaghit* (Government) have continued to show solidarity with the U.S in its War against Islam especially in the TSCTP Project. The Role of Nigeria in the **TRANS-SAHARAN COUNTER-TERRORISM PARTNERSHIP** has been very significant especially in the aftermath of 9/11. The TSCTP is a multi-faceted, multi-year U.S Government program aimed at defeating terrorist organizations by;

Strengthening Regional Counterterrorism capabilities

Enhancing and Institutionalizing cooperation among the region's security forces

Promoting Democratic Governance

Discrediting Terrorist Ideology

Re-enforcing Bi-Lateral Military ties with the U.S

This Partnership is geared towards promoting Military Programs which intend to expand Military-to-Military cooperation to ensure that adequate resources are available to train, advice and assist regional forces and to establish institutions promoting better regional cooperation, communication and intelligence sharing. It kicked off in June 2005 with Exercise Flintlock 2005. Nigeria has been a major facilitator of this partnership in conjunction with other disbelieving governments of the Islamic Maghreb. Nigerian Government has lent strong diplomatic support to the U.S Government Counter Terrorism efforts in the aftermath of 9/11, has also played a leading role in forging an Anti-terrorism consensus among states in Sub-Saharan Africa.

The U.S on the other hand, has provided support for the peacekeeping and simulation centres at the Armed Forces Staff College- the only one in Africa and a major regional asset and has continued to provide equipment and training for Nigerian Peacekeeping (terrorist) forces while promoting effective civilian oversight of the military. U.S has also assisted in building the capacity of the ECOWAS to prevent and respond to regional instability and promote the integration of ECOWAS security mechanisms into a broad African framework. It is also funding Military-sponsored schools and clinics.

The success of U.S-Nigeria Alliance could not have been achieved without the feudal power brokers. They are the Nigerian Political Rogues who all operate on the same religion of Democracy. These

power brokers are political cronies that exhibit little or no differences with the colonial masters, and have placed the entire country under the SIEGE OF KUFR.

These power mongers are in reality chronic terrorists whose limits of terrorism knows no bound. They all have a history of using state apparatus to kill, to maim and to detain. All in the name of Democracy their religion, and the excellent treatise, *Ad-Dimokratiyyatu Ad-Din*, of the *Allaamah Shaykh* Abu Muhammad Al-Maqdisi - *may Allah hasten his release* - has cleared all aspects of doubt from this issue already.

These political terrorists have transformed the country into an unsafe haven as a result of their massive occult sacrifices. Some of these Political Rogues are *Kuffaar* by origin while others are extreme apostates whose level of apostasy is so severe as a result of their open declaration to fight Islam to the extent that they have not spared out any of the gates of *Kufr* unless that they went through it. These Rogues were the instruments that eased U.S devilish missions against the *Muwahiddin* in Nigeria. They are the ones that spread corruption to every facets and corners of the Sub-Saharan states of Africa.

Among the atrocities engineered by these Political terrorists against the Muslims was the importation of the Pfizer Polio Vaccines into the Northern part of Nigeria where Muslims are majority leading to the massacre of innocent children all in a bid to obtain an accolade from the U.S. These *Kuffar* were the same people that gave their *Kuffaar* brethren of Jos, Plateau state of the country an opportunity to maim and massacre our fellow Muslims. The atrocities of these Christian terrorists right from the September 2001, November 2008 and January 2010 crisis is not hidden to sincere minds in the country.¹

Picture: Some of the Muslim Victims of the Jos Crisis

Throughout this period, these rogues never took adequate step against these Christian terrorists. The only attempt made towards the Jos Crisis was the setting up of the Bolaji-Akinyemi Commission of Inquiry whose report up till date is still dangling in the space. Even the hypocritical international system never commented on the Jos Crisis until when the Muslims retaliated against these Criminals.

¹ And by the assistance of Allah, the Lions of *Tawhid* in Nigeria were able to deal a retaliatory blow at the perpetrators of this crime in the bombing on the eve of 25th December 2010

Picture: The aftermath of the BOKO HARAM Crisis

The worst action perpetrated by these political terrorists was the massacre of the People of *Tawhid* in Nigeria in the event of the "BOKO HARAM" crisis. During that period, they out rightly performed the function they have been nurtured to serve and have impatiently waited for all along.

Picture: Shaykh Muhammad Yusuf (May Allah accept his Martyrdom) in one of his lessons

The then Head of the *Tawaghit*, Musa Yar'adua gave an order to execute any *Muwahhid* at sight after which he left the country to Brazil for vacation.

He carried out this mission because of his hatred for the *Tawhid* of Allah SWT, his exclusion from the G20 Summit, Obama's refusal to visit Nigeria rather visiting Ghana during his tour, as well as his yearning to increase his status in the eyes of his masters who have severely criticised the election that brought him into the office as President.

Though, he was successful in the random killing of some of the *Muwahhidin* brothers and their families, the tribulation that befell him in the aftermath of the event finally led to his demise after a protracted illness whose likes the entire medical history of the country has never recorded. These political rogues also spearheaded the expulsion of the Muslims in *Darus As-Salam* in Niger state in the aftermath of the BOKO HARAM event.

Pictures of the famous tawaghit in Nigeria in recent time.

If you ask these *Kuffaar* the reasons that account for their harshness against the people of tawhid, the only answer you will derive is that they hate *tawhid* and that they are ready to annihilate the *muwahiddin* so as to ensure their smooth alliance with the U.S. in return for the returns and favours they get from those *Kuffaar* paymasters of theirs. This became very clear from the statement of George Bush Jnr "*This is a Crusade, you can either be with us or you are with the terrorists*". From this statement, these political rogues came to understand the fact that the only factor that can sustain their devilish alliance with the U.S is to declare War on the *Muwahiddin* in every situation and place

The current Amir of the Jama'a; Shaykh Abu Muhammad Abubakr Ash-Shakawi (May Allah preserve him)

But if you ask the *Muwahiddin* why they hate the *Kuffaar* then we will reply by saying "We hate them because hating them is a necessary condition to affirm our belief in Allah. Before our belief in Allah can be affirmed we must vilify, hate and fight against the enemies to the *Deen* of Allah and this is also the *Sunnah* of the predecessors of our *Millah*, the *Anbiyaa* from Ibrahim (as) to Muhammad (saw). In the same vein, the *Kuffaar* on the other hand will never watch us earn our freedom which leads to the establishment of the Din, and the success of our plans which leads to the collapse of their godless civilization."

The massacre and harsh treatment meted upon the *Muwahiddin* and the role of Nigerian Political Rogues in the fight against Islam has improved the image of Nigeria within the international system. It gave them the opportunity to earn the headship of several commissions and agencies in the

International System but this accolade was short-lived as a result of the 25/12 the very blessed day our beloved brother Umar Abdulmutallab embarked upon his mission in the Delta plane heading towards Detroit. This mission of our brother disrupted the long established alliance between U.S and Nigeria.

The aftermath of 25/12 created a strained relationship between Nigeria and U.S as a result of U.S inclusion of Nigeria among the country of interest in terrorism as well as the harsh treatment meted on Nigerian citizens at the airports abroad. Of course, no one gets fooled into thinking that these enlistings was for real and the wise people of all nations have agreed that such inclusion was done only to set the criminals of the Nigerian Nation on their toes and to get them working tirelessly and aimlessly to set things in motion to curb the rising Islamic awakening in the land, and it was like Obama, the criminal in the White House was saying to his boys in the Aso-Rock Villa at Abuja, Nigeria; "If you want more sweets, tighten the siege upon those rebels in the North." Anyway, the criminal leading the list of rogues whose god-father was the reviver of Democracy in the impoverished Nation, Umaru Musa Yar'adua, was at that time already suffering from the chronic ailment, as nemesis to his massacre of the *Muwahhidin* up North, which claimed his life some months later. And were he to be in health and soundness, only Allah knows what wreckage he would have caused the bearers of the Banner of *Shahadah*.

In a bid however to ameliorate the strained relationship the *Kuffaar* legislators of Nigeria accelerated the proposed Terror Bill which covers Terrorism and related offences, Terrorism funding and Terrorist properties, mutual assistance and extradition, investigation and prosecution. Though this bill was criticized by the U.S for its shortcomings, exaggeration and grammatical errors, of course what do they expect from the already threatened rogues whose cupboards are full with skeletons. It was later appreciated and commended as a bold step towards fighting Islam and Muslims.

This Bill also motivated the establishment of Counter Terrorism Centre in Bauchi state on July 4th 2010 as well as the signing of Bi-National Commissions between the U.S and Nigeria focused on Regional Security signed in Washington D.C at the Chambers of the United States Council on Foreign Relations on September 14th 2010, immediately after the take-over of the Criminal Jonathan.

What followed? The *Tawaghit* began to execute massive arrests and detention of *Muwahhidun* Brothers whose efforts has been to organise the Muslims in the North, teach them their Din right from the basics of *Tawhid* and all through. In a land of the Muslims is where the Muslims lack a say in their own affairs? Perhaps the sword is a better way of expressing the right statements. No wonder Abu Tamaam said:

The sword is more truthful in narrating than the books

At its edge is the difference between seriousness and joke

From these analyses, it can be vividly understood that the Government of Nigeria is also a forerunner in the War against Islam and that they are also prepared to strive upon the *Millah* of *Kufr*, the *Millah* of *Shaytan*, the gangs of the occult, the worshippers of swine, the allies of *Shaytan* and what an evil ally and patron is the *Shaytaan* who deceives his boys and deserts them on a day of need?

This explanation is what we have exhausted time in explaining to those who cloth themselves in Islamic Regalia, who appear as Islamic scholars but still grant legitimacy to *Kufr* Governments. Of them are those whose origin is *Bid'a* and who have not for once denounced their origins while others attach themselves to *Sunnah*, the eradication of *Bid'a* and to *Salafiyyah* but who have had themselves built upon weak fundamentals. It is because the fundamentals of these scholars have been corrupted was why they found it difficult to comprehend the *Kufr* of these Political rogues. Even if it is prohibited in the *Aqidah* of *Sunnah* to rebel against a Muslim leader as these scholars claim despite the clarity of the apostasy of these so called Muslim leaders whose gates of apostasy are numerous -

is it also prohibited to rebel against a leader who is *Kaafir* by Origin? This is the explanation we seek from these scholars.

Some of these scholars were the ones that made *Halaal* the Blood of the *Muwahiddun* all through the *fitnah* of the *Boko Haram*, nay the coining of the name came from them. Some of them even went into extremism by handing over the *muwahiddin* to the Army of the *Tawaaghit*.

The Jund of Nigerian Tawaaghit

As for these scholars, our message to them is that they should all go back to the *Madrassah of Tawhid* and learn from the scratch.

Our message is clear so also is our goal. Our goal is to eradicate *Kufr*, *Shirk* and all the *Tawaaghit* in totality and establish *tawhid* in its stead. Our Battle is a battle between *Tawhid* and *Kufr* because we understand the fact that a necessary prerequisite for our belief in Allah is by the destruction of everything that can be recognised as *Taaghut*. We will not exhaust any strength in dialoguing with the *tawaaghit*. In our *Millah*, there is no consideration for negotiation unless when its proposal comes from the enemies themselves after we have dealt upon them heavy blows who's bleeding are endless. Our *Shaykh* and *Imaam*, Abu Muhammad Al-Maqdisi has already detailed the rulings of these criminals in his writing "*Millatu Ibrahim*".

Our message will be delivered to you by our actions and not by our speeches by the will and permission of Allah.

We will never stop terrorising you unless and until we set the people free from your siege and we establish the religion of Allah. We are announcing to you by the mercy of Allah and with patience from Allah that the *Fursaan* of *Tawhid* in Nigeria have emerged. They are firmly established upon the *Qur'an* and *Sunnah* and they are ready to join their companions all over the universe in the war against disbelief and disbelieving nations under the leadership of the enduring *Imaam*, the patient and ardent Scholar under whose authority the destruction of the *Kufr* alliances has been broken, Abu Abdillah Usaamah bn Muhammad bn Awad bn Laadin, may Allah preserve him. We thank Allah for all the successes He has bestowed upon the *Muwahiddin* as well as the trials and tribulations that has purified the *muwahiddin* upon this Great *Millah*.

The Pictures of the Mujahiddin in Nigeria

Since it is the *sunnah* of the people of this new religion i.e. Democracy to establish periodic election in order to compete for the highest position of the *taaghut* echelon, the trumpet has once again been blown in Nigeria for the upcoming 2011 elections. As usual, these Political Rogues have employed their surrogates i.e. Evil Scholars who act as their political agents and whose mission is geared towards carrying out massive political campaign on their behalf. The hypocrisy of the Nigerian politics is so pronounced and clear so much so that the blame of Nigeria gradually becoming a Failed State is being traded between these Political Rogues and those who follow them in their religion. These rogues have scattered their images all over the country and even in the Media so that they can win the hearts and minds of the people.

We will never forget to render of *Shukr* to the *Mujahidin* champions of Iraq who dedicated their release of the 8th edition of *Furqaan Ash-Shahaadah* to the *Muwahhidin* of Nigeria, *Al-Kataa'ib* of Somalia, the *Mujahidin* brothers in *Andalus* Media, and to the *Mujahid* Shaykh Adam Gadahn (Azzam Al-Amriki). *Jazakumullahu Khayr!!* Continue in your *Du'a* for us

Our advice to our fellow Muslims in Nigeria is that they should desist from these Political patronages and that they should affirm it in their hearts that the only way peace and good governance can reign supreme in the land is only through the establishment of the supremacy of Allah's *Shari'ah*. And for those who think that this *Shari'ah* can be established through the ballot boxes, the *muwahiddin* are referring them to go back and learn the *Seerah* of our prophet and his methodology of establishing *Tawhid*. Our Allaamah and mentor, Abu Muhammad Al-Maqdisi has explained this in the book "*Kashfu An-Niqaab An Shari'ati Al-Ghaab*", and the Erudite *Shaykh* whose excellence is widely known, Abu Yayha Hasan Muhammad Qaa'id in his excellent writing, "*Daf'u Al-Malaam An Mujahidin Maghribi Al-Islaam*", so refer to them if you wish to be wise.

O Grandchildren of the Sokoto Jihadists, this is the extent to which these Political Rogues have corrupted our Land. Why must we continue to betray the sacrifices of our forefathers, Men of resolve and steadfastness whose entire lives were channelled in the struggle to enhance the supremacy of Allah's *Shari'ah*. For how long are we going to watch these rogues and their allies in their destruction of the most cherished values of our *Din*. This change that we have all been clamouring for will never be achieved except we prepare our Hearts to bear the sacrifice for this change.

Look at your fellow brothers, they are ready to undergo these sacrifices, support them and give them your alliance for indeed they are the true bearers of our predecessors and they are the real helpers of the *Din*. If you claim that you have understood the *Millah* of Ibrahim, then you will never feel any grudges against their actions. Do not give consideration to the propaganda that has been channelled against them by these Rogues and their allies but rather give consideration to their actions and their evidences all of which are firmly establish in the *Qur'an* and the *Sunnah*. The *Muwahiddin* disbelieve in this new religion and they hate all those who support and aid its adherents.

We send our regards to all our imprisoned *Muwahiddin* all over the world, the truthful scholars of *tawhid*, the inheritors of the legacy of the Messengers, as well as all the *Ansaar* of *Tawhid* and Jihad in the entire universe. May Allah keep us firm upon this Great *Millah* and May He (swt) make us pious Models for this *Ummah*.

O Allah Assist the *Muwahiddin* in every parts of the Universe. O Allah Assist all the true bearers of the *Millah* of Ibrahim. O Allah! Grant Steadfastness and patience upon our hearts and humiliate the *Tawaghit* and all their *Ansaar* all over the universe.

O Allah Humiliate their devilish plans against the *Muwahiddin*.

May the Peace and Blessings of Allah continue to reign supreme upon all the Army of *Tawhid* and Jihad in the entire universe

FIGHT ON O MUWAHIDDIN VERILY OUR VICTORY IS NEAR!!!

Do not forget us in your *Du'a*
